Name	IP Address	Subnet Mask	Gateway	MAC address	Device Type	Status
	192.168.0.103	255.255.255.0	192.168.0.254	E0-DC-A0-12-89-12		

In order to protect plants, systems, machines and networks against cyber threats, it is necessary to implement - and continuously maintain - a holistic, state-of-the-art industrial security concept. Siemens' products and solutions only form one element of such a concept. For more information about industrial security, please visit <http://www.siemens.com/industrialsecurity>.
